

Run No More (Overland/Goldsworthy/Jupp/Barnett)

An innocent man  
Is all that it takes  
They said they want justice  
It's an easy mistake  
They said do unto others  
An eye for an eye  
The jury cried guilty  
And I've been running all my life

I was born on muddy water  
On the wrong side of the law  
I'll take my chance behind a gun  
I'll tell you one thing for sure  
I ain't gonna run no more  
Ain't gonna run no more

They got the devil on their conscience  
They got blood on their hands  
They tried and convicted  
An innocent man  
I'm gonna die by the bullet  
This I can tell  
'Cos they said they want justice  
And I'll see them in hell

I was born on muddy water  
On the wrong side of the law  
I'll take my chance behind a gun  
I'll tell you one thing for sure  
I ain't gonna run no more  
Ain't gonna run no more  
Ain't gonna run no more

Oh I was born on muddy water  
On the wrong side of the law  
I'll take my chance behind a gun  
I'll tell you one thing for sure  
I was born on muddy water  
On the wrong side of the law  
I'll take my chance behind a gun  
I'll tell you one thing for sure  
I ain't gonna run no more  
Ain't gonna run no more  
I've been running all my life  
You ain't gonna take me alive
