

Ain't No Cure For Love (Overland/Goldsworthy/Jupp/Barnett/Davis)

Well the sun goes down on this sleepy town  
As I walk the streets alone  
I've made a friend of every backstreet bar  
But my heart still longs for home  
I can still recall the last time  
I felt your body next to mine  
'Cos there's nothing like the feeling  
When two hearts beat in time

I can't hold back, back, what I feel inside  
There's an ocean between us and I'm caught in the tide  
And I reach out to the heavens above  
But there ain't no cure  
Ain't no cure for love

I know that it gets harder  
Every time we say goodbye  
But each moment that we sacrifice  
We'll make up a million times  
I can still recall the first time  
It's like a picture in my mind  
'Cos I'd never felt that feeling  
When two hearts beat in time

I can't hold back, back, what I feel inside  
There's an ocean between us and I'm caught in the tide  
And I reach out to the heavens above  
But there ain't no cure  
Ain't no cure for love

I know it don't feel right  
Lying here alone when you turn out the light  
We know that no matter how far  
Ain't no distance gonna tear us apart

I can't hold back, back, what I feel inside  
There's an ocean between us and I'm caught in the tide  
And I reach out to the heavens above  
I can't hold back what I feel inside  
There's an ocean between us and I'm caught in the tide  
And I reach out to the heavens above  
There ain't no cure for love  
Can't hold back  
Ain't no cure for love  
Can't hold back  
No cure for love  
Can't hold back  
Ain't no cure for love  
Can't hold back  
No cure, cure for love  
Can't hold back  
Don't give, give up on love  
Can't hold back
