

Heart Of The Matter (Overland/Overland)

This could be the last time girl
Last time that we will be alone together
And this could be the last time girl
Don't waste my time, it's now or never
You say you're leaving now
Don't get me wrong
I never tried to stop you
But if you leave me now
It's not goodnight
This time we're through

It's been too long your way
Try it my way
No more fooling
It's way overdue

We got to get to the heart of the matter
Heart of the matter
It'll take just one night to put things right
Between me and you
Heart of the matter
Heart of the matter
I think we both know what we should do
Get to the heart of the matter

You got me burning up
I'm ready to explode
This fever inside
It's got a hold on me
It's getting so hard to hide
It's been too long your way
Try it my way
No more fooling
It's way overdue

We got to get to the heart of the matter
Heart of the matter
It'll take just one night to put things right
Between me and you
Heart of the matter
Heart of the matter
I think we both know what we should do

We'll get to the heart of the matter
Heart of the matter
It'll take just one night to put things right
Between me and you
Heart of the matter
Heart of the matter
I think we both know what we should do
Heart of the matter
Heart of the matter
We'll get to the heart
Heart of the matter
Heart of the matter
We'll get to the heart
