

Blood And Gasoline  
(Overland/Goldsworthy/Jupp/Barnett)

When I'm down  
There's a shadow hanging over me  
All around  
There's heartache and misery  
When I need somebody to rely on  
When I need a shoulder to cry on  
You were always there  
Saying lean on me

I know things gotta change with time  
But it's still the same to me  
I go back to the top  
And I start all over again

When I hold you in my arms  
My blood feels like gasoline  
And it's burning with the flame  
When I hold you in my heart  
It's the best that it's ever been  
And I don't want to break these chains

Remember how  
How good you used to make me feel  
I look back now  
And I can't believe it's real  
I don't ever want to be set free  
These waters still run deep  
I'll be there for you  
You can lean on me

I know things gotta change with time  
But it's still the same to me  
I go back to the top  
And I start all over again

When I hold you in my arms  
My blood feels like gasoline  
And it's burning with the flame  
When I hold you in my heart  
It's the best that it's ever been  
And I don't want to break these chains

All those years that we threw away  
Don't mean that much to me  
All of the bad times  
I've erased from my memory  
If it takes for the rest of my life  
If it's the last thing I ever do  
Until my dying day  
I'm gonna make it up to you

When I hold you in my arms  
My blood feels like gasoline  
And it's burning with the flame  
When I hold you in my heart  
It's the best that it's ever been  
And I don't want to break these chains  
When I hold you in my arms  
My blood feels like gasoline  
And it's burning with the flame  
When I hold you in my heart  
It's the best that it's ever been  
And I don't want to break these chains

Blood and gasoline

Blood and gasoline

Don't ever wanna break these chains
