

Play Dirty
(Overland/Goldsworthy/Jupp/Barnett)

I come around about eight
I see somebody else standing at your gate
You say I've got a suspicious mind
You leave too many clues for me to find

You cry wolf
You cry tough
You want it all
It ain't enough
You're all bad
Love hate
I got your number
I know how you operate

Play dirty
You just won't quit
Play dirty
To get your kicks
Baby can't you see
You're playing dirty with me
Playing dirty baby
Play dirty
A dangerous game
Play dirty
You've got no shame
Baby can't you see
You're playing dirty with me
Playing dirty baby

Headlights up ahead
A back-seat for your bed
Steamy windows, all the signs
Baby you've got a one-track mind

Any time
Any place
Anywhere
It's a disgrace
I've had enough
It's too late
I've got your number
I know how you operate

Play dirty
You just won't quit
Play dirty
To get your kicks
Baby can't you see
You're playing dirty with me
Playing dirty baby

Play dirty
It's a dangerous game
Play dirty You've got no shame
Baby can't you see

Just like a ritual
You can't break
A bad habit girl
You can't shake

You cry wolf
You cry tough
You want it all
It ain't enough
You're all bad
Love hate
I've got your number
I know how you operate
Oh baby

Listen to me now
You're playing dirty
What you're doing to me baby
Have a little mercy girl

Play dirty
You just won't quit
Play dirty
To get your kicks
Baby can't you see
You're playing dirty with me
Playing dirty with me
Play dirty
It's a dangerous game
Play dirty
You've got no shame
Baby can't you see
You're playing dirty with me

Play dirty
Play dirty
I've got your number girl
You're playing dirty with me
