

Rivers Run Dry
(Overland/Goldsworthy/Jupp/Barnett)

Well I'm walking down
This dusty road
The sun beats down
And the howlin' wind blows
My heart's done time
And I've paid my dues
Through hell and high water
I've stood by you
Stood by you

Well I gave you all I had to give
But you still want more
That's the way it is
Maybe I'm right
Maybe I'm wrong
When the load gets too heavy
Baby I'll be gone

Give me a reason
Won't you give me a sign
I'm walking out on you
For the very last time
There's no looking back
You won't break me down
This time you won't turn me around

'Cos rivers run dry
There's no more left to give
Rivers run dry
That's just the way it is
'Cos the rivers run dry

There's no way out
No turning back
A clean pair of heels
Don't leave no tracks
Sweet dreams tonight
When the morning comes
You'll wake to find
Baby I'll be gone

You took me for granted
You used me for sure
You pushed me too far
Then you pushed me some more
It's too late now
The damage is done
This time you won't turn me around

'Cos rivers run dry
There's no more left to give
Rivers run dry
That's just the way it is

My mind's made up
I've made my break
I need a stroke of luck
Or a twist of fate
I know right now
One thing's for sure
I ain't coming back
Down this road no more

Rivers run dry
There's no more left to give
Rivers run dry
That's just the way it is
Rivers run dry
I've got no more left to give
Rivers run dry
That's just the way it is
Rivers run dry
Rivers run dry
