

Misery (Overland/Goldsworthy/Jupp/Barnett/Davis)

Well I've finally reached the end of the road  
On a dead end street there's nowhere left to go  
And I pray to god for strength to carry on  
'Cos I've died a thousand times since you've been gone

You're the only one who can ease this pain  
The only one who can break these chains  
I won't rest till you're back in my arms again

I've got misery for company  
There's a shadow hanging over me  
You're the only one who can set me free  
From this misery for company, company

There's a place in time, a point of no return  
And with each mistake a lesson to be learned  
Now I realise there's a place we left behind  
Where the fire burned but the light no longer shines

You're the only one who can ease this pain  
The only one who can break these chains  
I won't rest till you're back in my arms again

I've got misery for company  
There's a shadow hanging over me  
You're the only one who can set me free  
From this misery for company, yeah company

I want you back in my arms

I've got misery for company  
There's a shadow hanging over me  
You're the only one who can set me free  
From this misery  
I've got misery for company  
There's a shadow hanging over me  
You're the only one who can set me free  
From this misery for company  
Company
