

Bring Back Yesterday (*Overland/Goldsworthy/Jupp/Davis/Kirkpatrick*)

I can still remember those summers
Glory days
Memories I won't forget
I can still remember the feeling
Long ago
On the night that we first met

We were captured
Caught in the moment
We were lost in a world of our own
Promised that we'd hold on to those feelings
And we'd never let go

I still recall
Those summer nights
When we both swore we'd never let it die

Chorus

Bring back yesterday
Couldn't tear us apart
Looking back again
Who'd have thought we would make it this far
Bring back yesterday
Well they say that it's never too late
Through the happy, the sad
The good and the bad
I know we could bring back yesterday

There are times in our lives when we wonder
What we'll find you and I around the bend
We believed we could be with each other
We believed those times would never end

Still feel the same
Still you and I
When we both swore we'd never let it die

Chorus

It's all in the past
Who knows what the future brings
It's not meant to last
You can't have too much of a good thing
Look deep in your heart
Deep in your soul

I still recall
That summer night
When we both swore we'd never let it die

Chorus
