

Don't Need Nothin' (Overland/Goldsworthy/Jupp/Davis/Kirkpatrick)

Don't want no stately home
No fancy cars or money
Don't got no stocks and shares
It don't mean a thing to me
To you my attitude
Might seem a little funny
But I'm high on life
Got everything I need

Some people live their lives
Reaching out for somethin'
They're never satisfied
Until they reach the top
But I feel good inside
I don't want for nothin'
Every day gets better
Don't ever let it stop

Chorus

Don't need nothin'
But a good time
Let it lift me up
I can't get enough
Don't need nothin'
But a good time
I just lose control
And let those good times roll

I see it every day
People living faster
They're never slowing down
In case they're left behind
They dream
Plan and scheme
Heading for disaster
All those material things
Are just a waste of time

Not rich but proud of it
Got a whole lot of nothing
Right here I'm a billionaire
In my little world
You'll see
Take a tip from me
You won't see it coming
Every day gets better
Don't ever let it stop

Chorus

Kick back
Relax
Slow down
Enjoy the ride
I won't criticise
The way you run your life

Don't need nothin'
But a good time
To show you lovin'
Nothin' but a good time
Don't need nothin'
Nothin' but a good time
Don't need nothin'
But a good time

Don't need nothin'
But a good time,
Good time baby
Let it lift me up
I can't get enough
Don't need nothin'
But a good time
I just lose control
C'mon
C'mon
Let the good times roll

Don't need nothin'
But a good time
Let it lift me up
I can't get enough
Don't need nothin'
But a good time
I just lose control
And let those good times roll

Just let them roll
