

**Still The Fight Goes On** (Overland/Goldsworthy/Jupp/Davis/Kirkpatrick)

We all have our dreams  
We all need to believe  
Opportunity will come knocking  
For you and me  
Well all down the years  
I travelled everywhere  
I was almost there  
Then my luck just disappeared

**Chorus**

But still the fight goes on  
Till my journey's done  
I'll just carry on  
I'll keep singing my song

Seen the highs  
I've seen the lows  
It's been a long, long road  
Good times they come and they go  
It's the only life I know

The day the lights go down  
In that final town  
When that day comes around  
I'll say farewell and take a bow

Chorus

But still the fight goes on  
Till this battle's won  
I thank everyone  
For believing  
Just believing

If I had my time again  
I wouldn't change a single thing in my life  
In my life  
Looking back I've no regrets  
My chance still isn't over yet  
There's still time  
'Cos the show goes on  
It still keeps rollin' on

(The fight goes on)  
The fight goes on  
(The journey's done)  
Till my journey's done  
(Carry on)  
Keep believing  
Just believing

Chorus

But still the fight goes on  
The fight goes on  
Till this battle's won  
This battle's won  
I thank everyone  
Everyone  
For believing  
Just believing

Keep believing

(The fight goes on)  
I'll keep singing my song

(The fight goes on)  
(The fight goes on)
