

## **Story Of My Life** *(Overland/Goldsworthy/Jupp/Davis/Kirkpatrick)*

We all say life's a game  
It's a mystery  
We can't see where each road leads  
It's a lottery  
And the clock keeps ticking  
I watch my life just slipping past  
Where's the man that I used to be

I only have myself to blame  
It's time for change

### **Chorus**

I'm always on the run  
Always seem to get it wrong  
Rolling the dice  
That's the story of my life  
I'm in and out of love  
Never found the one  
Gonna re-write the lines  
To the story of my life

The story of my life

There's been times I was blind  
Missed opportunities  
Played the fool  
Bent the rules  
Cheated destiny  
So much wasted time  
Never satisfied  
But now  
There's a spark in this heart of mine

I can't erase mistakes I've made  
It's time for change

Chorus

I lost the fight  
But now I'm back to make it right  
To start again  
There's time to change the way the story  
ends

Chorus x 2

We all say life's a game  
We can't see where each road leads  
Where's the man I used to be  
That's the story of my life
