

I'm Ready (Overland)

Always been a loner
I never needed anybody
All it's gonna take
Is one night with you
Like running with the devil
Living on the edge
Face of an angel
Has got me seeing red

You've got trouble on your mind
You're showing all the signs
It's a chain reaction
I'm the master of this game
The rules have never changed
There's just one thing that you've gotta know

I'm ready
I'm waiting
Come and get it if you think you've got what it takes
Well I'm ready
And I'm waiting
If you think you've got the right stuff
I'm ready and waiting for you
I'm ready

It's never too late to cut and run
Just turn around and walk away
When it comes to love
There's a price to pay
It's a dangerous game
And I wanna play
You've got trouble on your mind
You're showing all the signs
It's a chain reaction
But I'm the master of this game
The rules have never changed
There's just one thing that you've gotta know

I'm ready
And I'm waiting
Come and get it if you think you've got what it takes
'Cos I'm ready
And I'm waiting
If you think you've got the right stuff
I'm ready and waiting for you
I'm waiting for you
Look out

I'm ready
And I'm waiting
Come and get it if you think you've got what it takes
'Cos I'm ready
And I'm waiting
If you think you've got the right stuff
I'm ready and waiting
I'm ready
I'm waiting
Come and get it if you think you've got what it takes
I'm ready
I'm waiting
If you think you've got the right stuff
I'm ready and waiting for you
Are you ready for me
